Our membership ranges from rank beginners to very experienced. Instruction is available for those wanting to join but having no flying skills. You will typically find several members at our field in Rye on Tuesday, Friday and Sunday mornings, weather permitting, and starting earlier (about 7:00 AM) in the summer, and later (about 9:00 AM) in the winter. Members may fly at the field any time, and you may find members flying on other days, especially weekends.
